

Axis Plus 24V DC

The Axis Plus is a high-efficiency LED module engineered for deeper lightboxes and illuminated display panels, delivering strong brightness with excellent face uniformity across larger cavities. Suitable for indoor and outdoor applications, the Axis Plus is optimised for lightbox depths of 80–150mm, making it ideal for larger sign builds where you want high output, reliable performance, and consistent illumination from edge to edge.

Product Overview

	Power Output 096 W		Lumens 150 lm / Module
	Colours Available 3000K, 6500K		Module Dimensions 29.5mm x 21.5mm x 7mm
	Lightspace 80mm - 110mm		Ingress Protection IP67
	Warranty 5 Years		Max Series 60 Modules
	Operating Temp -25°+55°C		Packaging 60 Modules / Pack

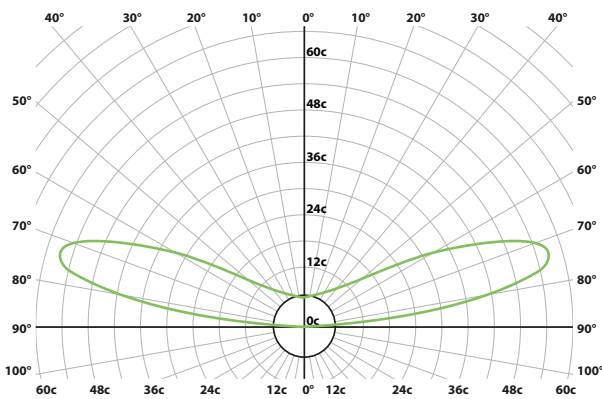

Axis Plus 24V DC

LED Installation Guide

Module spacing measured centre to centre

Sign Depth	Module Spacing	Row Spacing
80mm +	160mm	160mm
90mm +	165mm	165mm
100mm +	165mm	180mm
